

Challenging Teams

Create smarter working teams for greater efficiency

Free Seminar
Limited places available

This half day seminar is aimed at social housing providers who are:

- ◆ Keen to develop 2 and 3 Star services
- ◆ Re-organising following merger, grouping or re-structuring
- ◆ Seeking improved efficiency

The seminar will show you how to make your teams work effectively and efficiently across dispersed offices and locations. It will demonstrate how to make the best use of meetings and other team activities and ensure that your staff work as a single entity.

You will learn about building effective teams through structures and processes and making best use of team time. This will ensure that all team members value team events and understand their own contribution to corporate goals.

This is a multi-disciplinary approach from two organisations each of which have a proven track record of improving team performance.

The Speakers

Don Cooke and Andy Harris, from CAL, have considerable experience in working with established dispersed teams to identify the key elements to improve their efficiency and effectiveness.

They have worked with both the public and private sectors as practitioners and as consultants.

Peter Bird, from Primary Business Support, has many years experience as a social housing practitioner, delivering services through dispersed teams based in several locations.

He has excellent skills in process review and has been a business consultant dedicated to working in the social housing sector for the past eight years.

Primary Business Support

Professional Services for Social Landlords

The seminar will take place between 2.00 pm and 4.00 pm on Tuesday 20th October 2009 (registration starts at 1.30pm)

To book your place please email events@primarybs.co.uk

Langdowns DFK

This free seminar is conveniently based at Langdowns DFK offices at Fleming Court, Leigh Road, Eastleigh SO50 9YN (just off J5 of the M27 and J13 of the M3).
